

# HARMONY TRAIL

HARMONY TRAIL

## Donahue Park, Pawcatuck

**Swirl:** Playing in the key of C on one side and A Minor on the other, this stunning sculpture's soothing tones mirror our two towns, Westerly and Pawcatuck, separated by a river, but working in harmony. The Brown Family and Friends have generously dedicated the Swirl to the memory of two local young men, twins, Colin and Simon Brown, who loved music and the water.

**Pegasus:** This instrument spreads its wings in two keys, C Major and A Minor, to resonate beautiful tones. Located in Donahue Park, it accompanies the Swirl looking across the Pawcatuck River to Rhode Island. Many thanks to the hardworking businesses of the Westerly-Pawcatuck Downtown Business Association for sponsoring this instrument and thank you to the Town of Stonington for providing a beautiful backdrop.

## Washington Trust Community Skating Center 85 Main Street, Westerly

**Duet:** Located at the Washington Trust Community Skating Center, this instrument's aluminum and fiberglass keys are perfect for playing alone or with a friend. The Duet will provide enjoyment all year long, whether during the summer months' Farmers Market or the winter's ice skating. The Duet is generously sponsored by the United Theatre Arts Complex, which provides arts and culture to our community.

**Contrabass Chimes:** Stunning in both their towering appearance and low resonant tones, the Contrabass Chimes provide a wonderful outdoor music experience through powerful sounds that are both heard and felt. These seven chimes are pitched one octave below middle C to create a deep note that resonates like a gong, long after the fundamental sound has ceased. The Contrabass Chimes are sponsored by Upton Bass String Instruments Co in Mystic, CT, a company that has established itself as one of the world's premier double bass specialty shops and one of America's only double bass production facilities. Their support of Harmony Trail is a testament to their love of all music.

## Westerly Land Trust Community Garden 145 Main Street, Westerly

**Tenor Tree:** Ringing the green aluminum leaves of the Tenor Tree creates bright, sustaining tones thanks to this instrument's range of 12 notes divided into three harmonically pleasing chords. The Tenor Tree is generously sponsored by the Knickerbocker Music Center in Westerly, RI, which has brought music to our community since 1933 and is dedicated to the future of the arts. The Westerly Land Trust graciously hosts the Tenor Tree at their new community garden, harmoniously merging art and nature.

## PACE Rhode Island 5 Union Street, Westerly, RI

**Manta Ray:** The Manta Ray boasts 36 aluminum chimes, 18 on each wing, giving it a magical sound. This instrument has four mallets, inviting two people to play together. It is hosted by PACE Rhode Island with the Town of Westerly's support. Many thanks to the Elms Retirement Residence, the Ocean Community Chamber of Commerce, and the Lions Club of Westerly for their generous donations that allowed the Manta Ray to swim to our town.

## Westerly Train Station 14 Railroad Ave, Westerly

**Merry and Piper:** These bright-sounding instruments make melodies with their lyrical voices. These great instruments work as an ensemble in the key of C to play improvisational rhythms. The Merry was generously sponsored by Arlene and Peter Piacquadio and the Artist Cooperative Gallery of Westerly, true supporters of all arts. The Piper was made possible by the Newport Federal Charitable Fund and Bricks and Murals. And thank you to Rhode Island Department of Transportation for their support and assistance making the placement of these instruments a reality.

## Hall Law Associates Building 21 Canal Street, Westerly

**Imbarimba:** The Imbarimba is a unique musical design combining the elements of two African instruments: the marimba and the kalimba. The notes are arranged in the layout of the kalimba, which allows both hands equal access to the upper and lower notes. The piece is dedicated with love to their special brother David Hall. His love and joy for life and music always makes us smile. James and Darcilyn Hall are honored to sponsor the Imbarimba and hope to see you catching the musical joy in front of their law offices.

## Grey Sail Brewing Company 63 Canal Street, Westerly

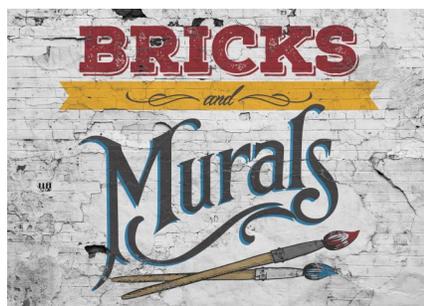

**Griffin:** The Griffin's aluminum-resonated metallophone produces rich, full, warm tones that linger for three to five seconds, making it similar to finger painting with sound. Generously sponsored and hosted by Grey Sail Brewing Company, the Brinton Family and their staff celebrate music, great atmosphere, and delicious locally crafted beer.

## Rotary Park 91 Airport Road, Westerly

**Weenotes Collection:** These delightful instruments are interactive art sculptures which work as educational tools to challenge the imagination by stimulating creativity. The three instruments make it possible for everyone to create beautiful music. The Merry and the Piper are hosted in Rotary Park and sponsored by The Rotary Club of Westerly which is dedicated to providing service above self to the community, the nation and the world. We thank them for their service and commitment. The Griffin is a dedication to Mario Celico by the Celico Family. Many thanks to the Town of Westerly and the Westerly Parks and Recreation department for their support and assistance.
